Points to Note Before Arrival at Hong Kong

- Before departing to Hong Kong, please pay attention to the relevant boarding, quarantine and testing arrangements. For details, refer to the information on this page and this [Concise Guide](#).
- Regarding Designated Quarantine Hotels, please refer to this [webpage](#).
- Health Declaration System
 - All inbound travellers are required to submit health declaration form.
 - To be environmental friendly, travellers are encouraged to submit the form online.
 - After submitting [the online form](#), the system will generate a QR code. Please save the result and show it to the border control point staff upon entering Hong Kong. The QR code is valid for 48 hours for arrival via Hong Kong International Airport (For arrival via land control points, the QR code is valid for 24 hours).
 - In addition, inbound travellers can continue to submit the paper form.
- Arrivals holding a visa with insufficient validity period will be denied entry.

Quarantine Measures for Inbound Travellers

The boarding and quarantine arrangements applicable to a person arriving at Hong Kong depend on:

- Whether the person arriving at Hong Kong is a Hong Kong resident (HKR)
 - Non-Hong Kong residents will be denied entry to Hong Kong if they have stayed in Taiwan, any Group A1, A2, B or C specified places on the day of arrival at Hong Kong or during the 14 days before that day.
- What places the person arriving at Hong Kong has stayed in on the day of boarding for/arrival at Hong Kong, or the 21 days before that day
 - All persons who have stayed in specified extremely high-risk (Group A1) places for more than two hours on the day of boarding or during the 21 days before that day are not be allowed to board for Hong Kong.
 - See also the details on the grouping of specified places and their respective boarding and compulsory quarantine requirements below.
- Whether the person arriving at Hong Kong is fully vaccinated
 - The Government has adjusted the boarding, quarantine and testing arrangements for persons arriving at Hong Kong (including Hong Kong residents returning to Hong Kong) who have completed their COVID-19 vaccination course under the "vaccine bubble" concept.
 - [o Click here for the “List of COVID-19 Vaccines Recognised for Specified Purposes”](#)

Please refer to this [Concise Guide](#).

All inbound travellers should not have any symptoms and should have passed temperature checks upon entry. Those with symptoms will be referred to the Department of Health for further handling.

Following the end of compulsory quarantine, inbound travellers may be required to undergo [self-monitoring](#) in the subsequent 7 days and compulsory testing(s), depending on the place(s) they have stayed during the relevant period, as well as whether they are fully vaccinated.

Other points to note

- Travellers to Hong Kong should note that even they have conducted a COVID-19 nucleic acid test before returning to Hong Kong, for prudence sake, they will still be mandated to undergo testing for COVID-19 at the DH's Temporary Specimen Collection Centre and wait for their test results at a designated location pursuant to the Prevention and Control of Disease Ordinance (Cap. 599).
- If their test results are negative, they will be allowed to go to the hotel for which they made the reservation to continue the compulsory quarantine until completion. If their results are positive, the travellers will be transferred to hospital for isolation and treatment. Close contacts of confirmed cases will be sent to quarantine centre. Travellers have to bear their own cost for cancellation of hotel reservation or other relevant charges as a consequence of the positive test result.
- The DH will issue quarantine orders to these returnees. The relevant government department will also arrange electronic wristbands for them. According to quarantine orders, they shall neither leave their hotel rooms nor move around in the hotel during the entire quarantine period. Leaving designated rooms will be regarded as a breach of the quarantine order and constitutes a criminal offence. Offenders are subject to a maximum imprisonment for six months and fine of \$25,000.
- For arrangement on exempted persons under "Compulsory Quarantine of Certain Persons Arriving at Hong Kong from Foreign Places Regulation" (Cap. 599E), please refer to this [webpage](#).
- For details on Air Travel Bubble, please refer to [this webpage](#).

Port Health staff will distribute specimen collection bottles to the persons subject to the compulsory testing requirements mentioned above when they arrive at Hong Kong. The relevant persons subject to compulsory testing should collect deep throat saliva samples using the specimen bottles as per the guidelines on the specified testing dates, and return the specimen collection bottles by the same day. If necessary, the relevant persons subject to compulsory testing may also choose to obtain the specimen collection bottles from post offices, general out-patient clinics of the Hospital Authority or vending machines set up at MTR stations via family or friends. Regarding routes to submit specimens, please refer to this [webpage](#).

For persons not subject to compulsory quarantine (i.e. persons arriving at Hong Kong under the Return2hk Scheme or persons exempted from compulsory quarantine), they may alternatively undergo the specified tests by attending Community Testing Centres on the specified testing dates.. The persons subject to testing must keep the SMS notifications containing results of the test for checking when a prescribed officer requires the persons to provide information about their undergoing the specified test.

Persons who have stayed in places outside China

Those arriving Hong Kong via the Hong Kong International Airport will be required to proceed to the Temporary Specimen Collection Centre (TSCC) set up in the restricted area of the Airport for COVID-19 testing immediately upon arrival. They will need to stay at the TSCC to wait for test results. Regarding Quarantine Procedures for entry via Airport, please refer to [this webpage](#).

There will be testing by combined nasal and throat swabs for persons subject to quarantine at designated quarantine hotels. According to the epidemic development and needs, the Government will arrange extra virus testing for persons subject to quarantine at hotels. Young children are required to submit stool samples during their quarantine period. (Note: Charged door-to-door specimen collection service is not applicable to persons undergoing compulsory quarantine at the Designated Quarantine Hotel.)

Regarding compulsory testing outside quarantine period, persons subject to compulsory testing must undergo testing on specified testing dates according to relevant instructions, through returning the specimen to one of the designated collection points or attending any of the community testing centres (CTCs). (Note: except inbound travellers who have stayed in Group A1 or A2 places in the relevant period, who can only undergo testing at CTCs.) Regarding routes to submit specimens, please refer to [this webpage](#).

Other points to note

- According to the epidemic development and needs, the Government will arrange other rounds of virus testing for inbound travellers. Please refer to relevant instructions for details.
- Any enquiries on compulsory testing arrangements may be addressed to the hotline at 6275 6901 which operates from 9am to 6pm.
